

NEW MEMBERSHIP INFORMATION

Each player must check in at the Pro Shop before his or her tee time (which can be made up to 7 days in advance). This assures control of play especially if we have made changes due to maintenance schedule or a golf tournament in progress.

Each player on our course must pay for the use of the course by paying membership dues (greens fees) and trail fees or cart fees. Any one riding in your cart must either be a member paying their own trail fees or they must come into the Pro Shop and pay their cart fee. Non-members riding in your cart must pay full price unless they are your guests. A guest discount of \$5.00 off the current rate is given only if the is staying with you.

You must be a member paying trail fees to operate your personal golf cart on our golf course. Each year a sticker is issued to members owning a cart and it is important that the sticker is placed on the drivers front fender so it is clearly visible. The cart must be operated by the owner and can not be loaned out for others to use.

We offer a monthly Range Program for \$50.00 + tax per month that allows the member to have unlimited range balls that month.

The only reason for a suspension of dues is for medical reasons. In the event you are given a medical suspension it is assumed that you are too ill to play golf, therefore resuming play would constitute re-instatement of golf dues.

All league players need to register on the sign up sheets in the Players Room. Check each sheet for sign-up dead lines.
